A crisp corn soufflé. Nacho's signature recipe is served topped with soft scrambled egg, caramelised onion and Cabrales blue cheese, the most famous of all the Asturian cheeses.

### **Huevos rotos con trufa y jamón Ibérico 15**

This dish of sliced, fried potatoes, topped with free-range broken eggs was first made famous by Casa Lucio, an iconic restaurant in Madrid. Many Spaniards would tell you this is their favourite meal to cook at home. Our decadent version is topped with jamón Ibérico and finished with grated truffle.

## **SPECIAL DESSERT**

### **Tarta de casadielles 6.5**

Nacho's more refined take on a traditional rustic Asturian sweet pastry is made with hazlenut and star anise cream, walnuts and topped with a delicate golden pastry lid and served with helado de nata. It has become one of our favourite ways to end a meal.
